About myself

Research-oriented Computer Science undergraduate specializing in Artificial Intelligence and Machine Learning, with a strong focus on medical imaging, computational health, and explain-able AI (XAI). Experienced in developing hybrid CNN–Transformer and ensemble models and reproducible pipelines for clinical decision-support systems (end-to-end prototyping, evaluation, interpretability).

Education & Training

BSc in Computer Science and Engineering (CSE) | Daffodil International University | 01/01/2022 - 08/01/2026 | Dhaka, Bangladesh

Final grade: CGPA: 3.81/4.00 | **Level in EQF:** 6 | **Thesis:** ClinFusion Net: Explainable GI Lesion Classification with Hybrid Kvasir Datasets

Higher Secondary Certificate (HSC) – Science | Chittagong Model School and College | 01/07/2018 - 30/01/2020

Final grade: GPA: 5.00/5.00

Secondary School Certificate (SSC) – Science | Bohoddar Kata High School | 01/01/2016 - 28/02/2018 | Chittagong, Bangladesh

Final grade: GPA: 5.00/5.00

Projects

ClinFusion-Net (Undergraduate Thesis)

- Developed a hybrid CNN–Transformer model for multi-class GI disease classification with XAI and deployed a Hugging Face inference demo.

https://huggingface.co/spaces/Tahim2/ClinFusion_Net

Customer Sentiment Analysis (NLP)

- Built Amazon review sentiment classifiers using TF-IDF and ML/LSTM-GRU models with SHAP-based explanations.

<https://github.com/Tahim2/Sentiment-Analysis-on-Amazon-Product-Reviews>

Academic Hub — Data-Driven Full-Stack Platform

- Built a full-stack CGPA and course-management portal with Google OAuth and Google Drive API integration.

<https://github.com/Tahim2/Academic-Hub>

Publications

Preprint available on ResearchGate (not peer-reviewed). DOI: 10.13140/RG.2.2.15388.55687.

Skills

Programming | Python | C/C++ | Java
Libraries & Data | NumPy | pandas | scikit-learn | PyTorch | TensorFlow/Keras
Tools & Development | Git/GitHub | Jupyter Notebook | VS Code
Backend/DB | MySQL

Honours and Awards

Top 5 Finalist — AI-FICATION 2025
National AI competition; placed Top 5 among ~80 teams (CUET).

Finalist — Crack Dataset Challenge 2024
DIU NLP & ML Lab competition (dataset challenge).

Finalist — Take-Off Programming Contest 2022
Ranked Top 50 among 350+ participants (DIU CPC).

Networks and Memberships

Press Secretary — Daffodil AI Club | 01/10/2025 - Current
Led communications and outreach for AI events, announcements, and community engagement.

Volunteering

Volunteer Coordinator — Doorbin Foundation
Coordinated a free medical camp for 200+ participants and flood relief for 150+ families with 50 volunteers.

Certifications

Supervised Machine Learning (Stanford Online, Coursera)
Advanced Learning Algorithms (Stanford Online, Coursera)
Deep Learning with TensorFlow/Keras (IBM, Coursera)
Data Science & ML with Python (aiQuest, 50 hours)
Database Training (MySQL & Oracle SQL) — ICT Division, Bangladesh (EDGE), 80 hours

Language Skills

Mother tongue(s): **Bengali**

	Understanding		Speaking		Writing
	Listening	Reading	Spoken production	Spoken interaction	
English	B2	C1	B2	B2	B2
